**Author:** Espe, Brady

**Updated Volume:**

**Notes:**

Received email with the breakdown of the molasses that was lost in the accident.

---

**Date:** 1/7/2016      **Status:** Inspection

**Author:** Espe, Brady

**Updated Volume:**

**Notes:**

I arrived at the site at 12:47 p.m. The weather was overcast and 18°F, with wind from the southeast 0-5 mph. The accident occurred on the east side of ditch in between mile marker 12 and 13 located near the South Dakota border. There are a couple of stained areas in the ditch. The tank appears to have landed next to the fence line. The product also ran onto the land next to the ditch, covering parts of an area approximately 50' by 100'. There were a couple of areas of standing product, and there was a strip along the fence line approximately 1' by 50'. Most of the product had soaked into the vegetation and top few inches of soil. More follow-up is needed next growing season. 46.12740, -101.95723
